PROFESSIONAL SUMMARY

Junior Front-End Developer focused on React, Next.js, and TypeScript. Builds responsive interfaces with reusable components, loading and empty states, and API integrations. NBCC Software Development diploma graduate with internship experience at Beetech Solution Ltd.

TECHNICAL SKILLS

Core Front End: React, Next.js, TypeScript, JavaScript, HTML/CSS, Tailwind CSS

Delivery: Responsive UI, Accessibility, REST API Integration, Git/GitHub, Vercel

EXPERIENCE

Software Development Intern - Beetech Solution Ltd. | Apr 2026 - Jun 2026

- Implemented a rating feature, tested its behavior, and resolved issues using supervisor feedback.
- Developed and tested web interface updates, CRUD workflows, and input validation; used Git to manage changes within a development team.

SELECTED PROJECTS

ShopPilot Storefront | Next.js, React, TypeScript, Supabase

- Built published store profiles, product listing and detail pages, and a local cart with reusable Next.js components and responsive layouts.
- Connected the storefront to shared Supabase data and tracked sessions, product views, and add-to-cart events.
- Added loading, empty, and interaction states for browsing and cart flows across desktop and mobile.

Developer Portfolio | Next.js, React, TypeScript, Tailwind CSS

- Built an EN/FR/VI portfolio with responsive navigation, persistent light/dark themes, accessible controls, optimized images, and SEO metadata.

GitHub: github.com/dominhtri055/tri-portfolio

ScheduleBooker | Flask, Jinja, HTML/CSS, JavaScript

- Contributed responsive login, booking, dashboard, and appointment-management interfaces for a multilingual scheduling platform, keeping public, customer, and admin flows clear across desktop and mobile.
